RCA 25"diagonal ColorTrak featuring ChanneLock electronic tuning with Remote Scan Control

ColorTrak is RCA's most advanced, most automatic TV. And now RCA's new ChanneLock electronic tuning—the most accurate, most automatic tuning system in RCA history—makes it even better.
- New ChanneLock electronic tuning with Remote Scan Control turns set on and off, adjusts volume, changes channels and tunes in either broadcast or cable channels—all from across the room. Stops only at programmed channels. On-screen channel number and time display.
- 100% solid state XtendedLife chassis is designed for low power consumption, high efficiency and long life.
- Automatic Color Control and Fleshtone Correction.
- Automatic Contrast/Color Tracking lets you adjust contrast, color and brightness with one control instead of three.
- Automatic Light Sensor adjusts picture for changes in room light.
- RCA Super AccuFilter picture tube has tinted phosphors to help keep colors vivid, even in bright room light.
- Walnut-grain vinyl finish on wood hardboard panels. Simulated wood trim.

RCA's new electronic Remote Scan Control lets you turn set off. Adjust volume. Select an RCA channel instantly. Or cable channel. All from the comfort of your chair. Tunes only to channels you programmed into it's memory. On-screen channel number and time display.
